Terms of Reference (TOR) for the Sub-committees for ICT in HM&FW Department, AP

- i. To review the specified areas, and document existing practices of IT and status of implementation in the specified areas allotted to the sub-committees
- ii. To suggest
 - a. processes, workflows and measures for improving service delivery and the areas where new & innovative technology could be deployed;
 - b. areas/ domains where standards need to be formulated on priority for interoperability and delivery of integrated services that cut across the areas identified for the sub-committees.
- iii. To identify the services for which ICT should be used and prepare a plan of action for implementation of ICT.
- iv. To lay down key objectives to be achieved, scope and approve the services to be covered by each sub-project, along with the deliverables which conform to the requirements along with the timelines and modalities, and will guide the implementation of the projects in a harmonized manner
- v. To identify the stakeholders and their role and responsibilities
- vi. To identify and suggest measures for addressing operational, legal, and institutional issues and bottlenecks if any
- vii. To study and document the best practices elsewhere in the country

- viii. Any other issue/ suggestion that the sub-committees might consider relevant for accelerating the implementation of IT and service delivery.
- ix. To prepare a report covering above points by the sub-committees for the specified area within one month.

The Steering Committee shall scrutinize the reports prepared by the sub-committees and guide the approval and implementation of the projects taken up from time to time.
